**HIGHWAY PROGRAM SUMMARY  
ILLINOIS DEPARTMENT OF TRANSPORTATION  
DISTRICT 5, PARIS**

**Overview**

Highway District 5 encompasses 12 counties in eastern Illinois and includes the cities of Decatur, Champaign-Urbana, Danville, Charleston and Mattoon, plus many smaller communities which serve as satellites for the larger employment areas or as focal points of this farming area. The state highway system in District 5 consists of 1,777 miles of highways and 884 bridges, supporting 10.9 million vehicle miles of travel daily.

**State Program**

The program for state and local highways will average \$1.483 billion annually for the FY 2004-2008 period. Approximately \$205 million will be provided during FY 2004-2008 for improvements to state highways in District 5. The following table summarizes anticipated accomplishments on the state highway system in District 5 during this time frame.

**FY 2004-2008 Accomplishments**

Interstate Rehabilitation (miles)	51
Interstate Bridges (number)	8
Other Bridge Rehab/Replace (number)	37
Resurfacing/Widening (miles)	229
Major Highway Construction (miles)	2
Traffic/Safety Improvements (locations)	22

Major projects of interest that are tentatively scheduled during the FY 2004-2008 time frame include:

- **Interstate 57 New Interchange north of Mattoon in Coles County.** Construction of a new interchange and 9 miles of connecting highway are programmed during FY 2005-2008 at a cost of \$22.3 million. The new highway will connect the interchange to US 45 and the Bruce/Findlay Road to the west and Illinois 130 to the east. TEA-21 provided nearly \$8.2 million in High Priority Project funds for this project. The project is contingent upon local participation in the cost.
- **Interstate 72 from the Sangamon County line to west of US 51 in Macon County.** Resurfacing on 16.3 miles is programmed during FY 2005-2008 at a cost of \$15.1 million.
- **US 136 from Illinois 1 to National Street in Danville.** Widening and resurfacing, bi-directional turn lane and associated work on 2.3 miles are programmed during FY 2004-2008 at a cost of \$12.1 million. Of this total, utility adjustment and land acquisition from Illinois 1 to Buchanan Street as well as widening and resurfacing on 1.4 miles from Collett Street to National Street are programmed in FY 2004 at a cost of \$7.5 million.

- **Illinois 1 from south of Marshall to the Crawford County line.** Resurfacing on 14.7 miles is programmed in FY 2004 at a cost of \$5.3 million.
- **Illinois 128 from Illinois 121 in Dalton City to North Sixth Street in Shelbyville.** Resurfacing, bridge replacement and new shoulders on 21.2 miles are programmed during FY 2004-2008 at a cost of \$11 million. Of this total, advance resurfacing work and land acquisition are programmed in FY 2004 at a cost of \$2.2 million.
